A Message about Monthly Pledge Donations

We rely on our monthly pledge donors, who are the backbone of our entire organization. This source of regular monthly income not only enables us to plan a budget, it also shows the strong community support you give your shelter – which raises our standing in the eyes of the giving community, and ensures a bright and successful future finding homes for these wonderful animals, and reducing the pet overpopulation problem in our county. Hundreds of happy animals are no longer homeless thanks to your unwavering support! If you are not yet a pledge donor, we would welcome you into our strong family; you may pledge anything from \$1 per month to ... well, to the limits of your ability! No amount is too small, and no amount is too large.

The first month of a **monthly pledge** of \$ _____ per month, or a **quarterly pledge** of \$ _____ per quarter, for a minimum of 12 months/4 quarters, is enclosed. (We will send you payment coupons for the remainder of your pledge).
